Teachers:

"MyBookCorner.com creates much enthusiasm for beginning readers! First graders love computers and why not have them using the computer in an educationally enriching activity...They love seeing how the pages add up!"
First Grade

"The students enjoy reading the comments made about the stories. This helps with literary selection...As a teacher I also appreciate their using the computer. It helps with their word processing skills."
2nd Grade

"I LOVE myBookCorner and so do my 3rd graders. They thoroughly enjoy doing book reports on the net. I highly recommend this program to all teachers especially in the lower grades. It's so easy and fun."
Third Grade

"The program is a great incentive for the 4th graders. It encourages them to read and write short reviews..."
Fourth Grade

"The 5th graders are very involved...the students look forward to logging in their recent page totals..."

What We Offer

A Book Log

- Your child's own customized "BookCorner" They will take pride in seeing their books online. It keeps track of books read.
- An on-line Book Club! See what other classmates have read. Visit classmates' book lists and see what they've been reading. Get alerts whenever they post a new book.

Fun Reading Competition

A "scoreboard" shows who's read the most pages per month for the class. Compete to be the Reader of the Month!

School Page

Up-to-the minute school books/pages read; new readers, new books posted; schoolwide Top 10 Readers and more. Helps develop a school reading community.

A Critic Corner

They can write their own mini-review and be a book critic by giving it an A-F grade! It's fun to read other's reviews and it's good writing practice.

Mailbox

Send E-messages to classmates about books using your personal myBookCorner Mailbox.

Privacy and Security

With ID and password access, the child's information is under your control and can only be seen by school classmates.
